

Organism
<i>Acinetobacter</i> (including multidrug-resistant species)
<i>Burkholderia cepacia</i>
<i>Clostridium difficile</i>
<i>Clostridium sordellii</i>
<i>Enterobacteriaceae</i> (including carbapenem-resistant <i>Klebsiella</i> species and <i>Escherichia coli</i>)
Hepatitis A, B, and C
Human immunodeficiency virus
Influenza
<i>Mycobacterium abscessus</i>
Norovirus
<i>Pseudomonas aeruginosa</i> (including multidrug-resistant species)
<i>Staphylococcus aureus</i> (including methicillin-resistant, methicillin-sensitive, vancomycin-intermediate, and vancomycin-resistant species)
Tuberculosis
Vancomycin-resistant <i>Enterococci</i>
